A TWO-DAY  
INTERNATIONAL CONFERENCE

1<sup>ST</sup> ANNOUNCEMENT

23-24 September 2010  
VIENNA, AUSTRIA

# Zinc Diecasting 2010

## Design for the future

A two-day international conference to review the evolution and opportunities provided by the main end-use markets for zinc diecastings and draw attention of designers, specifiers and engineers to the benefits of using diecasting alloys in applications such as: automotive, building, electric/electronic and advanced applications (medical, space, etc.).

The conference sessions will be devoted to the main zinc diecasting end-use markets:

- automotive
- building equipment
- electric/electronic
- advanced applications: medical, space...

### Who should attend?

The conference will provide the opportunity to designers, specifiers, design engineers and end-users to review efforts undertaken by diecasters, their customers and suppliers to further ensure the growing competitiveness of zinc and zinc alloys towards competing materials. It will also provide the participants with the possibility to meet and exchange their experience with renowned specialists from Academia and Industry.

### Call for papers

Those interested in making a presentation at Zinc Diecasting 2010 are invited to complete and send the included reply form to the conference organizers.

Instructions for authors will be provided on the conference website [www.zinc-diecasting.info](http://www.zinc-diecasting.info).

Abstracts should be submitted by e-mail as an attachment in MS-Word to the following e-mail address: [diecasting@iza.com](mailto:diecasting@iza.com).

### Organizer

International Zinc Association (IZA)

### Language

The conference language is English.

### Venue

The conference will take place on 23-24 September 2010 at:

Flemings Hotel Wien-Westbahnhof  
Neubaugürtel, 26-28  
1070 Vienna, Austria
